STOCK DISTRICTS.

There has been for a long time on our statute books an Ordinance of the Northwest Council which we consider might very properly be put in force in this District. We refer to the "Brand Ordinance," No. 10 of 1887, which is a reenactment and consolidation of former Ordinances relating to the marking of stock. The Lieut.-Governor has the power, under Sec. 2 of said Ordinance, by proclamation to set apart any portion of the Territories as a stock district whenever he thinks it advisable that such portion should be so set apart. It has, we presume, never been represented to the Lieut.-Governor that this district should be set apart as a stock district, but we consider that such action on his part is now advisable, and we therefore take this opportunity of calling attention to the matter. We consider that it would be greatly in the interests of all parties raising stock if such were done. There are now in the district a large number of farmers most of whom are engaged in raising cattle to a certain extent, while there are quite a number of persons devoting their attention entirely to stock raising, and it may occur that where brands are not registered there may be two or more persons using the same brand, and disputes as to ownership and needless litigation arise in consequence. We are of opinion that the Ordinance should be amended so as to compel owners of registered brands to give public notice of the same in a newspaper published in the district.

We take the present opportunity of calling the attention of our members of the Legislative Assembly to the unsatisfactory state of Ordinance No. 8 of 1884, "An Ordinance to regulate the costs of distress for rents and extra judicial seizure." As it stands at present it is in nearly every case in a place like this impossible for a mortgagee to avail himself of his remedy of seizure and sale in the event of non-payment of a chattel mortgage, unless he does so at a great loss. The schedule of fees

should be amended so as to allow a bailiff mileage at at least ten cents per mile in going to make a distress and returning, and also the actual cost of removing goods where it may be found necessary to have them removed. There can surely be no reason why a defaulting mortgagee should not pay all costs, and the mortgagee have the full benefit of his security.

Mr. Robert White was on the 3rd inst. elected in Cardwell to fill the vacancy in the House of Commons caused by the death of his father, the late Hon. T. White. He was elected as a straight Conservative by 139 majority over Mr. Stubbs, Independent Conservative. There was no Liberal candidate in the field, but the Reformers threw their whole support in favor of Stubbs. Cardwell has done well, and we congratulate the riding on having honored itself, as well as the memory of its late representative, by the election of Mr. White, who is a man of ability, and who will prove faithful to Canada and the Empire.

Our able contemporary, the *Call*, Winnipeg, is again in difficulties. This time it is not a fire, but a libel suit instituted by the Hon. J. Martin, Attorney-General of Manitoba, who feels his dignity injured by some late articles published in the paper referred to. We have no doubt but that the *Call* will be able to justify itself and pull happily through all its difficulties.

GENERAL NEWS.

TORONTO, Oct. 6.—The congregation of Jarvis Street Baptist Church have been discussing for some time the question as to whether church property should pay its portion of municipal taxes, and have decided at last that it should. It was held by them that church exemption is a form of state aid which should not be countenanced by their denomination.

The package of confectionary addressed to a man in Nova Scotia which was seized in the post office here yesterday has been forwarded, the sender, a reputable merchant here, having called and explained that it was a sample he was sending to his traveller. The attorney-general has wired the Government authorities to analyse the viscera of the dead child and the rest of the candies. Government Detective Murray will take up the case at once.

OTTAWA, Oct. 7.—Mr. Valade, public analyst for this district, condemns the sale of the ordinary baking powders as injurious to food.

The grand banquet to the Hon. Mr. Chapleau comes off here on Thursday in the drill hall.

Mr. Hazelton, a Michigan contractor, is suing the Government for \$3,000 duty collected on timber shipped to Canada, and which it is said should have been admitted free.

MONTREAL, Oct. 7.—The chief of police has received a telegram from Winnipeg to arrest McKay, who committed fraud upon the C. P. R. company at that city. He is wanted on a charge of forgery. His parents reside here. McKay is also wanted on a charge of bigamy at St. Paul. He has two wives there and he also contracted a mock marriage with another girl. McKay is said to have come to Montreal last Thursday, but he has not been located yet.

KINGSTON, Oct. 7.—A brass band entirely composed of lunatics, has been organized at Rockwood asylum.

An official of the customs department visited the Kingston news stands on Saturday last and seized all the copies of the New York Illustrated News exposed for sale, on the ground that the paper is an immoral one.

It is believed here that ex-President David Blain, of the defunct Central Bank, will visit Toronto soon, now that Cox has been acquitted on all the charges preferred against him.

Another case of smallpox was found yesterday on George street, opposite the public school. There is now eight cases in the hospital, all developed since the 14th of last month. The residents of St. Mathew's ward are hard at work with a petition for the removal of the pest house from their neighborhood, and people generally are agitating for a quarantine against Buffalo, from where it is believed the contagion comes. Health officers are laboring industriously to check the spread of the disease, but, as is usually the case, those who are in quarantine and have friends chafing them under restraint are troublesome to manage.

The revenue of last month was \$3,267,450, and the expenditure \$1,615,597. The total revenue for July, August and September was \$9,527,644, and expenditure \$6,767,135, giving a surplus of two millions and three quarters on the first three months of the current fiscal year. The total net debt of the Dominion on September 30th was \$233,312,907, a decrease of a million and a quarter as compared with the previous month. The expenditure on capital account up to the end of the month was \$5,740,000.

GALT, Oct. 8.—Excitement over the poisoning case continues at fever heat. Examination of the candies reveals the fact that a hole had been made in the bottom of each one and strychnine poured in and covered over with chocolate. The opinion that there is a woman in the case obtains credence. The ends of the box were sewn up, the sewing being done so neatly that only a woman or a tailor could have done it. The funeral of Meta Cherry took place yesterday, and was largely attended.

QUEBEC, Oct. 7.—Innumerable complaints are made that the corporation discriminated against the Protestant churches in the matter of street lighting. It is said that although the gas contract stipulated that one light should be placed in front of each church, the Protestants never got theirs and that now in the electric light contract they have been ignored altogether while every Catholic church has from one to four lights.

The new policy inaugurated by the steamship companies of carrying their passengers through to Montreal went in-

to effect for the first time yesterday. The Dominion liner Oregon and Allan line steamship Circassian, which arrived yesterday morning, only stopped here a few hours to land some local freight, but landed no passengers. These were taken on to Montreal where they were despatched west in a very few hours.

WINNIPEG, Oct. 8.—E. P. Leacock is regarded as likely to be the Conservative candidate in Provencher.

Large crowds of people visited the new bridge yesterday. All afternoon people could be seen wending their way in that direction and the majority of them tried the bridge by walking over it.

The Greenway Government are receiving the congratulations of United States journals on the check which has been put upon the construction of the Hudson's Bay railway. Doubtless approval from that source is more agreeable to the ministers than the good-will of Manitobans.

The terrible destitution prevailing in Ramsey county, Dakota, is consequence of the destruction of the grain by frost, will evoke general sympathy and no doubt substantial aid will be forthcoming. The lessons of this season will surely show the Dakota people the recklessness of depending on grain alone and the absolute necessity of adopting mixed farming.

The charge of criminal libel preferred against Mr. Acton Burrows, editor of the Call, will be investigated at the police court to-day. Among the witnesses called for the defence are the Hon. Thos. Greenway, L. M. Jones, J. E. P. Pendergast, and Messrs. Duncan MacArthur, H. Scoble and other well-known public men; and the matter will probably receive a thorough ventilation. Messrs. Hagle and Munson will defend Mr. Burrows. Mr. Martin will be represented by Mr. Ewart.

It is said on good authority that Greenway will institute criminal proceedings against the Call for alleged charges contained in two editorials, which also furnish ground for Mr. Martin's action.

LACHUTE, Oct. 8.—This town was thrown into the wildest state of excitement over the elopement of a pretty and highly connected married lady with a gay young adonis. The husband is frantic and efforts are being made to prevail on the erring wife to return to her home. All parties to the affair are well known both here and at Montreal and on account of this every effort is being made to keep the matter quiet. When last heard the runaways were steering south for the land of the free. It is said the husband is willing to take the wife again to his heart.

WASHINGTON, Oct. 8.—In the Senate to-day Mr. Blair offered a resolution, calling on the President for information as to the trial (for treason), conviction and execution in Canada on the 16th of November, 1885, of Louis David Riel, who claimed to have been a naturalized citizen of the United States, and whether the proceedings in the case were according to due process of law including the fact of Riel's citizenship and a decree of insanity.

NEW YORK, Oct. 8.—The carmen on wheels at Madison Square Gardens began their work at 2 p.m. to-day and quit at midnight. For the twenty-four hours the score was: Gaudaur, 172 miles; Tecmer, 165; O'Connor, 164; Rasm, 151; Plasted, 150; McKay, 149; Rubear, 141; Lee, 133; Ham, 120; Lagan, 139.

TERRITORIAL NEWS

QU'APPELLE

From the *Vidette*, Oct. 4.

Another 300 feet of sidewalk has been laid this week, thus completing the circuit around the business portion of the town.

Prairie fires have been raging northwest of here and also to the east. The latter has been burning for several days and cannot have escaped doing serious injury.

We understand that the fire that has been raging so fiercely for so long to the east of us was occasioned by the fool-hardy act of a man who put a match to a field of frosted grain. If such is the case we say that no punishment meted out to him can be too severe, notwithstanding the fact that he has offered to pay for some of the damage done to his neighbors.

From the *Progress*, Oct. 4.

The well at McMillan Bros. mill is now down about 270 feet. Unless water in abundance is obtained sooner, the intention is to sink it 300 feet.

A charge has been laid against the fireman and engineer who were in charge of the C. P. R. engine which started the fire just west of here on the 18th ult. They will be brought before a magistrate's court to-morrow.

It has been reported that a large amount of damage has been done on the Pheasant plains this week. We have heard that some buildings were burned, but cannot obtain particulars.

BATTLEFORD.

From the *Herald*, Sept. 29.

A cricket match played last Saturday afternoon between Old Countrymen and Canadians resulted in favor of the former.

When haying was first begun a great deal of hay land was too wet to permit of its being mowed, but the water dried up and people were able to get all needed.

A few weeks ago we quoted a paragraph from the *Edmonton Bulletin* to the effect that tomatoes as a rule had not formed in that district this year. In a later issue it notes that some individuals had a fair crop, although the fact was as first stated. We noted that the same state of the plants prevailed here, and that cucumbers and squash vines had grown well and blossomed freely while little or no fruit formed, and asked an explanation as to the cause of this freak. Since the publication of that announcement, however, the tomatoes that had formed have begun to ripen, and the other things spoken of have borne very freely and brought their products to perfection.

REGINA.

From the *Journal*, Oct. 4.

A policeman named Earnest Peyton died very suddenly on Tuesday morning of last week of an abscess. He had been in the force since July 1st. A military funeral was held on Wednesday.

Master Willie McCrea, son of Mr. McCrea, contractor, was dismounting from a horse on Friday afternoon last, holding in his hand a loaded gun. The gun went off, the charge passing through his hand. He came to town and Dr. Willoughby dressed the wounded member.

From the *Leader*, Oct. 9.

Wheat has been selling at \$1.02 and this morning James Bole sold a load at \$1.11.

One hundred dollars was realized, clear of expenses, by the ladies of the Methodist Church at their dinner and luncheon table at the exhibition grounds.

Still another hotel enterprise is budding forth. The Messrs. Smith commenced work yesterday on their building next to the Palmer, hitherto run as a billiard hall.

Hon. Justice Wetmore sustained a serious injury while out riding a day or two ago accompanied by Mrs. Wetmore and a party of friends. When crossing the railway opposite his residence his horse stumbled, causing the judge to fall heavily to the ground and breaking his collar bone. Dr. Rutledge was immediately called and he at once attended to his patient, whom we hope to see around all right in a few days.

On Friday last Laughlin McLeod was fined \$24 before H. Lejune, J. P., for driving away from the premises of the prosecutor a number of cattle distrained for damages, the Hon. E. Desjardins being the prosecutor. The defendant's band of twenty-seven cattle trespassed on plain till's garden, and six or seven were distrained by the latter's servant for the

pound fees. Defendant drove the whole band from the premises, and was farther summoned. D. L. Scott, Q. C., for prosecution; John Secord for defendant.

FOET MACLEOD.

From the *Gazette*, Oct. 4.

There is a regular stampede of town people for the mountains.

Mr. Acak, the gentleman mentioned last week as importing a large head of horses from Oregon, found a really market for a portion of his stock.

Mr. Feehan, of Calgary, took the first prize in the east for the best specimens of grain and root crops west of Ontario. Brandon, Man., took second.

Fifty-five horses and camp outfit belonging to McMahon, Aldrich, Brown & VanSickle were seized recently for infraction of the customs laws.

Jos. McFarland has some mammoth potatoes. Of two potatoes picked at random from a lot of monsters, one measured 20x11½ in., and weighed two pounds; the other measured 18x14 and weighed nearly three pounds. This was only a fair sample of the lot, and indeed is only a fair sample of what might be seen in many parts of the district. We might add that the potatoes were perfectly solid.

EDMONTON.

From the *Bulletin*, Sept. 29.

A large shipment of four-per-cent. beer arrived on Wednesday afternoon.

J. F. Smith was injured on Thursday evening by a horse, which he was riding, rearing and falling backwards on him.

Oats were sold in town on Tuesday at 80 cents and on Wednesday at 60 cents. They have been offered in thousand bushel lots at 50 cents.

So many reports have been received during the past week or two of the presence of the horse thief and murderer Kesekawasis on the Stoney Plain Reserve as to leave no doubt about the matter. He has one or two companions.

A great deal of grain is still uncut although ripe. The extra heavy crop ran out the stock of binding twine very quickly causing considerable delay. Fortunately the weather has been such that no damage has been suffered as yet.

M. McLeod, of Little Mountain, recently threshed a bushel of wheat from two pounds sowing of Ladoga wheat. He estimates that it is fully ten days earlier in ripening than the red Fyfe. It is however asserted that the red Fyfe may be cut while green in appearance and still turn out as good a yield and sample as other varieties which have ripened earlier. To test this Mr. McLeod sowed the Ladoga at the same time and alongside the red Fyfe and cut them both on the same day although the Fyfe appeared quite green. When the Fyfe is thrashed it will be seen whether or not the theory holds good.

LETHBRIDGE.

From the *News*, Oct. 5.

Beautiful weather for the 1st of October. The thermometer was 84° in the shade on Monday.

Contracts are being let for the erection of an orderly and recreation room at the barracks here.

Assistant P.O. Inspector Cairns arrived here on Saturday evening last, and returned east on Monday morning. During his stay he opened a branch of the Money Order Department here and from now on money orders can be procured here.

On Thursday afternoon last a short time after school was dismissed Mr. W. Whitney's teams loaded with hay were being weighed at I.G. Baker & Co's scales on the square, and some of the children, among them being the son of Mr. T. McNabb, master mechanic of the N.W.C. & N.C., climbed up on the loads. As they were being moved along to get on the scales this boy started to jump from one wagon to another when he tripped and fell in between them the wheels of the heavy wagon passing over his legs just below the hip. The little fellow was picked up and carried into Baker's store and Dr. Mewburn was soon in attendance. On examination it was found the left leg was broken below the hip and the hip bone splintered. The fracture was reduced and the little fellow is now doing as well as can be expected.

CALGARY.

From the *Tribune*, Oct. 3.

A number of persons in town will regret to hear that D. Cameron lost his

little mare Rosy Patchen. The "Vets" undertook to file her teeth and had to throw her, and in the operation she broke her leg and had to be shot.

A private letter from Major Walker states that the Calgary exhibit arrived at Hamilton too late to be shown for competition but the exhibition officials in view of the great attraction which it proved awarded it a diploma. The C. P. R. officials have taken charge of it and will have it divided and sent to some of the other fairs, after which it will be placed in the C. P. R. car and exhibited around the country this winter.

CLAIMS TO BE

And its claims are fully authenticated by the HIGHEST MEDICAL AND SCIENTIFIC AUTHORITY IN ENGLAND AND AMERICA, and a great multitude who have tested its merits. Its use is not confined to INVALIDS and CONVALESCENTS but every body who wishes to develop a STRONG, ROBUST CONSTITUTION should take it regularly, and prove its WONDERFUL STRENGTHENING AND INVIGORATING POWER.

ONE MORE

Great Clearing Sale.

Next to Macarthur & Knowles' The wise and careful buyer has come and gone, he saw and captured a prize and the good hearted soul spread the news among his friends and neighbors, and now they too are the happy possessors of some of our prizes. Oh, where will it all end? Echo, answers, where?

It must result in a grand Clearing Sale of every dollars worth.

Really, Truly and Honor Bright the inducements are magnetically and irresistibly captivating.

Do not tarry. Do not tarry. Be quick. Buy now.

Note our way of conducting an honest business:—

One price, in plain figures. Goods exchanged or money refunded. Goods sold for what they are. Full weight given.

GRAND UNION LIVERY STABLE.

Opposition is the Life of Trade.

A First-class Livery, Feed and Sale Stables

We would like to invite the public when in Prince Albert to give us a call. Our stables are the most central in town—next door to Queen's Hotel.

We keep the largest and best Livery and Feed Stable in town.

We have a lot of new horses and rigs—second to none west of Winnipeg—to hire on reasonable terms.

You will always find good, reliable and accommodating men night and day at our stables to attend to your wants.

All our horses are first-class livery horses: can be driven by ladies; particular care has been taken to purchase horses of that class. You can always depend on getting the best turnout in town at the Grand Union Stables.

N.B.—We do not advertise in one paper to contradict it in another, as that constitutes a falsehood, but we keep the best Livery and Feed Stable—and at the lowest prices—in town.
